Firstly, we wish to thank you all for supporting our family business during this unprecedented time.

I would like to assure you all that Uniform2go are here to help ease the burden of uniform purchase for you and your family, and we will do all we can to make this as easy and stress free as possible.

In line with Government guidelines we remain closed to customers, however we are extremely busy with online orders and are offering free delivery for all orders over £50.

We have been working tirelessly behind the scenes preparing for reopening and would like to share with you the measures we have implemented in store, to ensure you can shop in the safest environment possible and in line with Welsh government guidelines.

1. We will be introducing social distancing measures both inside and outside the store. At busier times this will mean operating a strict queuing system for entry into the store and we urge you to shop early. Where possible please limit the number of people that come into store to just 2; the child who requires uniform and an adult. Our changing rooms will be unavailable so shop early to ensure correct fitting of items.
2. To support families financially, we have extended our deposit schemes so you can now call, Facebook or email us anytime from now until the end of July, to reserve your uniform for £10 and then collect and pay for it all at the end of August.
3. We will extend our opening hours to enable us to serve as many people as possible, but with only two customers in store at one time we will still struggle to serve as many people as we would usually see in a day. We will however have a covered area set up

at our side entrance in the car park, for easy collection of all click and collect orders.

4. We have increased the product range and included all compulsory uniform items on our website www.uniform2go.co.uk and also introduced free delivery for all orders over £50. If you are able to order online, please do so as this will help us in store. We are on hand to give assistance with sizes if needed.
5. When you enter the store please make use of the hand sanitizer readily available at the entrance.
6. We will be operating a strict one-way system for entry and exit from the store, so please be prepared to exit following the one-way system.
7. We have introduced counter mounted sneeze guards on all counters.
