

Porthcawl Comprehensive School – GCSE Results 2019

“Year 11 Perform Remarkably Well”

Given the fact that the school has enjoyed a number of years of consecutive improvement, we are thrilled with this year’s results. Porthcawl Comprehensive School is delighted to report a general picture of improvement in terms of our pupils’ performance.

This year, there is a most significant change in the way that the Welsh Government is recording the achievements in schools. All published figures are based upon the *first* entry only and further or multiple entries do not count.

The percentage of pupils achieving 5A* - C (Level 2) is a very credible 83%. The percentage of those who achieved their 5A* - C (which includes English and Maths) remains above 70%.

Those who gained 5A*/A improved to a remarkable 40%; this is a most exceptional performance locally and nationally.

The school would like to congratulate all students on their individual results and we wish them well for their future with such an exceptional performance, we are expecting a bumper return to our Sixth Form.

Subjects where pupils performed especially well with 70% or higher A* - C grades include; English Language, English Literature, Mathematics, Biology, Chemistry, Physics, Agored Cymru, Beauty, Business & Finance, Drama, French, Geography, German, Hairdressing, History, ICT, Music, PE, Skills Challenge Certificate, Sport and Textiles.

Headteacher Andrew Slade, praised the pupil, staff and parents / carers for the huge collective effort which has been so richly rewarded.

The final word must go to the exceptional performance at A*/A; 49 pupils gained 8 or more A*/A grades, while the number who achieved 10 or more A*/A was 39. Congratulations to the following pupils on their outstanding results.
